

Key Trends in Airline Loyalty

Key Trends

Airlines evolving rapidly to meet changing customer expectations and industry demands

Spend-Based Earning

Airlines are shifting from distance-based to spending-based rewards.

Personalization & AI

Airlines use AI-driven insights to provide personalized offers and upgrades.

Airline Alliances & Partnerships

Programs are expanding through alliances like OneWorld, SkyTeam, and Star Alliance to offer shared benefits.

Flexible Tier Status

Airlines now allow elite status extensions and earning through non-flight activities (credit cards, shopping, etc.)

Dynamic Redemption

More airlines are allowing customers to redeem miles for non-flight services (hotels, car rentals, shopping).
